

1. K-LOVE serves my needs and that of my family and friends by providing a Christian and family oriented radio station that I can encourage people of all ages to listen to.
2. By replacing the K-LOVE signal with LPFM, K-LOVE may not be able to be heard in rural Northern California where I live. This would leave a void as residents would not have the choice of choosing K-LOVE.
3. The service provided by K-LOVE is in the public interest because it supports wholesome values and has a very positive and encouraging impact on the communities in rural Northern California and across the country. Please do not give priority to LPFM over FM translator service. I highly value and appreciate having K-LOVE and do not want to lose it as one of my main choices in radio service and programming.

Thank you for your consideration.
